DETAILED ACTION

1. This action is responsive to communication filed 8/17/06.

Terminal Disclaimer

2. The terminal disclaimer filed on 8/17/06 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of 6,985,626 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Note

3. Claims 16-18 recite statutory product claims. A computer readable medium to store a program is recited. This describes portable and fixed recording mediums in the specification page 28 lines 18-21. Although the specification mentions Internet or radio circuits, these circuits are related to the distribution of the program not the storing of the program. A program is stored in the recording medium. Which relates to the computer readable medium to store a program disclosed in the claims. Thus, reciting a product stored a CRM, wherein the CRM does not encompass signals. Therefore, product is statutory.

Allowable Subject Matter

4. Claims 1-2, 3, 4, 5-7, 8-9, 10-12, 13-20, 21, 22 and 23-30 (renumbered claims 1-2, 4, 3, 5-7, 11-12, 8-10, 13-20, 22, 21 and 23-30, respectively) are allowed.

5. The following is an examiner's statement of reasons for allowance Claims 1-30. The previous office action claims 1-30 were rejected under obviousness-type double patenting. The terminal disclaimer filed 8/17/06 overcomes the pending double patenting rejection. Thus, examiner withdraws the obviousness type double patenting rejection. Therefore, placing the application in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
